Professional Summary

Frontend developer especializado em React.js e interfaces modernas, com forte experiência em design responsivo, integração de APIs e performance. Portfólio com projetos full-stack (React, Node.js, MongoDB) publicados. Direito de trabalho em Portugal e disponibilidade imediata.

Core Skills

React, Next.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Responsive Design, REST APIs, Node.js, Express,

MongoDB, Git/GitHub, JWT, Chart.js, Linux/CLI. Learning: TypeScript, Jest, React Router, Context API

Experience

Freelance Web Developer — Remote (Jan 2023 – Jul 2024)

■

Built responsive websites for small businesses using HTML, CSS, and JavaScript.

■

Delivered tailored solutions with clean UI and optimized performance.

■

Implemented simple Python automations (file organizer, password generator).

■

Collaborated directly with clients to gather requirements and iterate quickly.

Featured Projects

Task Manager (Full-stack App) — React, Node.js, Express, MongoDB Atlas, JWT
• Designed and developed full authentication flow with secure JWT login/register.
• Built REST API with controllers/middlewares and integrated with MongoDB Atlas.
• Published frontend on GitHub Pages; backend deployed via Node/Express.

DevFinance (Personal Budget Tracker) — HTML, CSS, JavaScript, Chart.js
• Implemented transaction CRUD with localStorage persistence and input validation.
• Built a dashboard with charts, dark mode, and responsive UI.

MiniBlog (Full-stack Blog Platform) — React, Node.js, MongoDB, JWT
• Developed blog app with authentication, post creation, editing and comments.
• Integrated secure login/register with JWT and MongoDB Atlas.
• Deployed frontend on Vercel and backend on Node/Express.

Portfolio Website (2025) — React, Tailwind CSS, Vite
• Created personal portfolio showcasing projects, stack and contact form.
• Implemented dark mode, responsive UI and deployed on Vercel.
